CORPORATE GOVERNANCE STATEMENT - 2020

Approved by the Board on 28 September 2020

The Board of Directors of the Company is responsible for the corporate governance of the Group. The Board guides and monitors the business and affairs of the Group on behalf of the shareholders by whom they are elected and to whom they are accountable. The Board has approved this Corporate Governance Statement. This Corporate Governance Statement is current for the year ended 30 June 2020.

In accordance with the ASX Corporate Governance Council's (the "Council's") Principles and Recommendations (3rd edition), the Corporate Governance Statement must contain certain specific information and also report on the Group's adoption of the Council's best practice recommendations on an exception basis, whereby disclosure is required of any recommendations that have not been adopted by the Group, together with the reasons why they have not been adopted. The Group's corporate governance principles and policies are therefore structured with reference to the Council's best practice recommendations.

In light of the Company's current stage of development, the Board considers that its current composition is appropriate. As the Company's activities change in nature and scope, the size of the Board and the implementation of additional corporate governance policies and structures will be reviewed and may change. The ASX has released a fourth edition of Corporate Governance Principles and Recommendations which takes effect from financial year beginning 1 July 2020 and ending 30 June 2021.

The Company will transition to the fourth edition during the financial year ending 30 June 2021.

Recommendation 1.2 – Information in Relation to Board Candidates

The Board, in accordance with the Nomination and Remuneration Charter, ensures that appropriate checks are undertaken before a person is appointed as a Director, or before a person is put forward to shareholders as a candidate for election as a Director. If it is considered appropriate to appoint of an additional Director, an extensive process is undertaken to identify suitable candidates, usually involving an external search firm. That process will involve identifying the skills and experience required of the candidate, compiling lists of potential candidates, identifying a short list of candidates to be interviewed, conducting interviews, obtaining and checking information in relation to the character, experience, education, criminal record and bankruptcy history of the short listed candidates, and selecting a recommended candidate.

The Group provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director by providing all material information concerning the proposed Director in the Explanatory Memorandum that accompanies each Notice of Meeting at which candidates are proposed for election or re-election.

A copy of the diversity policy is available from the Company's website. The policy includes requirements for the Board, at the appropriate stage of its development, to establish measurable objectives for achieving gender diversity and, once established, for the Board to assess annually both the objectives and progress in achieving them.

Due to the size of the Company and its workforce and its current stage of development the Board does not consider it appropriate to set measurable objectives at this time.

The Company intends to establish measurable objectives at the appropriate stage of its development.

Following changes implemented during the year, at the date of this report the Company has one full time executive Director (being the Managing Director). All Directors, senior management and support staff are now engaged on contract and one of these contractors is female.

The Board comprises four directors and for the reporting period all of them were male.
